Adviser Fee charging options	<p>Initial Fees on single and regular contributions, transfers, and crystallisation</p> <p>Ongoing Fees, Specified (ad-hoc) Fees</p> <p>All fees are taken from cash within an account first. If there is insufficient cash available, you can choose which investments are sold, and we will follow your choice wherever possible. After that other investments may be sold, starting normally with the largest investment in the account. We will try not to sell investments that carry dealing charges like exchange traded investments, unless they are the only investments held.</p>	
Functionality	Produce illustrations and transact online for all new applications, top-ups and switches including flexi-access drawdown and pension increase request amendments. All other requests should be submitted using paper.	
Client reporting	Quarterly statements	
Adviser reporting	<p>Duplicate client correspondence</p> <p>Management information reports</p> <p>Adviser Fee statements</p>	

The value of investments and the income from them can go down as well as up and clients may get back less than they invest. Withdrawals from a pension product will not be possible until the client reaches age 55.
